

PASTRAMI, PICKLE, SWISS & MUSTARD

Preparation time: 5 minutes

Makes 1 sandwich

- 2 slices rye bread
 - generous amount of Colman's or other spicy yellow mustard
 - 2 slices Swiss cheese
 - 4 slices pastrami
 - 1 large dill pickle, sliced thinly lengthwise
-

This is like a less-dirty Reuben. The mustard should clean out your sinuses.

Spread both pieces of bread with a generous amount of mustard (or less, if you don't want your eyes to water as you bite in). Lay the cheese, then the pastrami, then the pickle slices (if you start with the cheese it will act as a guard against sog). Sandwich together.
